ABN 16 082 075 901

Level 3 Suite 1227 International Terminal (T1)  
Sydney International Airport NSW 2020

## **SYDNEY**

### **Runway Movement Rate**

No more than 80 planned movements per hour, checked at 15 minute intervals

No more than 21 planned movements in any 15 minute period

No more than 8 planned movements in any 5 minute period

### **Apron Parking at the International Passenger Terminal (Terminal 1)**

26 passenger aircraft, including 22x 744, 1x 772, 1x 763, and 2x 73H

The availability for parking of layover passenger aircraft in the peak periods ( presently 05:00 to 13:00 local daily) is limited to eight passenger aircraft up to 744 size.

**Note:** Aircraft scheduled to stop in excess of **three** hours may be required to change gate position or be moved to a remote parking area. Transit and quick turn-around aircraft scheduled to depart less than 3 hours after arrival will generally be allowed to remain at the terminal but may be asked to change their apron position. Passenger layover aircraft that cannot be accommodated at the International Terminal but use a homebase carriers' maintenance base need to provide a **firm** confirmation from the host before allocation of the slot(s) and such movements will **not** be able to accrue historic precedence because of their dependence on third party accommodation.

### **Apron Parking at the International Freight Terminal.**

2 aircraft up to 744 size

Maximum occupancy for arriving and departing aircraft is 90 Minutes, for transit and turnaround aircraft 180 minutes during the period 06:30 to 12:00 local.

**Note:** Layover freighter aircraft are not permitted between 06:30 and 12:00 local, unless they have **firm** confirmation for accommodation in the maintenance area of a home base airline before allocation of the slot(s). Such flights will **not** be able to accrue historical precedence because of their dependence on third party accommodation.

Freighter aircraft accommodated on passenger aircraft positions will **not** be able to accrue historic precedence and will only receive a conditional allocation.

### **Maximum Passenger Arrival Rate**

3500 inward seats in any 30 minute period

6210 inward seats in any 60 minute period

### **Maximum Passenger Departure Rate**

3000 inward seats in any 30 minute period

5400 outward seats in any 60 minute period
